“NEOS is our park’s most popular attraction.
Kids of all ages use it from sunup to sundown.”

TOM HARE
Parks & Planning Manager
Conejo Creek Park North
Thousand Oaks, CA

Kids love playgrounds.
EVERYONE LOVES NEOS.

NEOS combines the speed and fun of electronic games with the explosive movement of aerobic exercise to create the most exciting playstructure ever to hit your playspace. NEOS gets everybody off the sofa and into the outdoors. And in the fight against childhood obesity, NEOS disguises heart-pounding exercise as pure, unadulterated fun.

AN AWESOME WORKOUT

Playing NEOS delivers a workout comparable to jogging or playing soccer, raising heart rates by an average of 20 percent.¹ But it's so much fun, players won't notice it's good for them!

FUN FOR ALL AGES AND ABILITIES

Toddlers. Kids. Teens. Parents and grandparents. NEOS transcends age, and physical and emotional barriers, to create a shared play experience that helps build communities and bring families closer together.

NEOS DRAWS A CROWD

Before you know it, NEOS has spectators laughing, cheering, and engaging with the players.

NEOS IS DURABLE

Beat it with a bat. Hold it underwater. You won't hurt NEOS a bit. It's made from the same super-durable materials as the playgrounds we've been manufacturing for 40 years.

NEOS comes in three wildly fun options. All designed to make your playspace the most exciting destination in town.

NEOS® Ring

NEOS® 360

NEOS® Wall

WALL SO EE Z

THE NEOS WALL IS THE MOST COMPETITIVE NEOS PLAYSYSTEM. Nine different games and three different skill levels give players an endless supply of electrifying challenges. As players race between the four interconnected towers, they're developing their agility, coordination, strength, and stamina in a healthy, competitive environment.

NEOS Wall's lockable steel towers are clad with thick, rotomolded plastic, available in any of Playworld Systems' 14 colors (see page 10).

- 9 games
- 1- and 2-player options
- 1-3 ability levels
- Games range from 45-60 seconds
- 16 buttons on 4 towers
- Free instructional sign included
- Optional custom back panel available

GAMES

BUBBLE BURST

Shake out those shoulders. It's time to race the clock. Test your speed and coordination by pressing the "bubbles" before they pop.

LIGHT GRABBER

Stay focused! Press as many lights as possible within your time limit to maximize your score.

MUSIC MACHINE

Make your own music by pressing different buttons to create different sounds. No score on this game – just loads of fun for all players.

DANCE WITH ME

Twist and shout! Players' hearts will race as they move to the beat of the music. Score points by keeping the beat.

LIGHT THIEF

Press your light before your opponents press theirs to steal their light and points.

GOALIE

Pick an opponent to test reaction time in this fast-paced game. Shoot lights past your opponents and block their slapshot lights to score points.

SLAKE

Try not to blink! Follow the movement of the snake to knock out the blinking lights before they disappear.

ROAD BLOCK

Stop the line of lights by pressing the leading light before it changes color to score points. Concentration and speed are a must!

ECHO

The ultimate game of memory: Watch and listen to a series of lights and sounds, then repeat the sequence to score points.

NEOS comes full circle with 360 degrees of HEAD-SPINNING, BODY-TWISTING FUN.

THE CIRCULAR DESIGN OF NEOS 360 builds peripheral vision, and auditory and spatial awareness skills—not to mention agility, coordination, strength, and stamina. One freestanding user control panel gives players access to eight thrilling games.

NEOS 360's durable elements come in a variety of bold colors to recharge any playspace. Create your own NEOS 360 color palette with up to three colors (see page 10).

- 8 games
- 1- and 2-player options
- 8 buttons
- Games are approximately 45 seconds each
- Free instructional sign included

GAMES

LIGHT GRABBER
This classic NEOS game is high energy and highly competitive! Press as many of your own colored lights as possible to win.

DOUBLE DOTS
The ultimate teamwork game! Press two lights at the same time; lights are opposite of one another and pressing both lights require teamwork and cooperation.

NINJA
Play to become the ultimate ninja champion! A sequence of 2 or 3 lights appears. Repeat this pattern as fast as you can to receive higher points.

SURROUND SOUND
Players can play lead guitar with 8 buttons that each play a different electric guitar sound. The speakers surround you for a complete rock 'n' roll experience.

ZIG ZAG
Press the zig-zagging "ball" as fast as possible. The bottom lights are always part of the game, so it's great for players of all abilities and ages.

RODEO
Be the first player to round up yer' 4 lights and make yer' opponent's lights disappear. And you'll love the sounds...yeehaw!

FIRE FIGHTER
Tap lights repeatedly to put out the FIRE! The faster you or your team of firefighters puts out the fire, the better your score.

MARATHON
The most intense NEOS game of all! Marathon encourages players to run full sprint for a great workout. How quickly can you hit 40 lights? The shortest amount of time wins.

With NEOS Ring, even smaller kids can
**RUN THEMSELVES
SILLY WITH EXCITEMENT.**

LITTLE ONES CAN TAKE PART in the electrifying fun with NEOS Ring, the electronic playsystem designed especially for early childhood and accessible playspaces. One freestanding user control panel gives kids access to six games for one to two players. Then they're off in a mad dash around the 6-foot (1,83m) ring to hit the six blinking buttons before it's too late!

Kids will love NEOS Ring's sound effects and bright colors. Choose up to two colors from Playworld Systems' bold color palettes to customize your own NEOS Ring (see page 10).

- 6 games
- 1- or 2-player options
- 6 buttons
- Free instructional sign included
- Games are approximately 45 seconds each

GAMES

LIGHT GRABBER
(1 player) This classic NEOS game is for everyone! Maximize your points by pressing as many of your colored lights as possible.

DUCK DUCK GOOSE
This children's favorite gets a modern twist! Hit the "quacking" yellow duck lights, then chase the "honking" goose light 'round and 'round.

FLIP FLOP
NEOS Ring's most intense and competitive game. Gain points by pressing your colored lights. The more lights you control, the higher your points.

LIGHT GRABBER
(2 players) Same as above, except using two players or teams of two for a friendly competition.

SYMPHONY
Each button plays a different instrument with 3 different melodies. Turns the youngest players into music-makers.

TETHER BALL
Press the button when your color lights up. It's back-and-forth ball-bouncing fun!

The thrilling fun of NEOS is accessible to PLAYERS OF ALL ABILITIES.

At Playworld Systems, we design and build playstructures believing that every person, regardless of ability, should have an equal opportunity to experience the power of play. NEOS is no exception. Lights provide visual cues for hearing-impaired players, and visually impaired players hear “beeps” and sounds that guide them as they play.

“NEOS offers wonderful activities for people of all ages and abilities,” says **Mara Kaplan of Let Kids Play**, an inclusive play consulting group. “I have seen children who use wheelchairs repeatedly choose to play NEOS 360 rather than other playground equipment. It’s so easy. They just roll up and start playing. Children with developmental challenges engage with others of all abilities and ages.”

NEOS is designed for OUTDOOR WEAR AND TEAR.

NEOS is vandal resistant and completely weatherproof. Its waterproof wiring harnesses and connectors, and potted electronic components (the same kinds used in ATMs and street lights) withstand rain, snow, and other harsh weather conditions. What’s more, NEOS is built for rigorous play. We’ve tested it under some pretty extreme conditions—even beating it with a baseball bat and holding it underwater—and it has always survived unscathed.

FREQUENTLY ASKED QUESTIONS. *And superbly worded answers.*

HOW MANY PEOPLE CAN PLAY AT ONCE?

Most games have one- and two-player options. Both options can be played as teams of two or with multiple partners.

HOW WILL SOMEONE KNOW HOW TO PLAY?

An instructional sign is included with each NEOS purchase. But the best way to learn is to jump right in.

WHAT KIND OF SURFACING SHOULD BE USED?

Players will be running back and forth and changing direction quickly. So NEOS needs to be installed on a firm, durable surface such as concrete, asphalt, pour-in-place surfacing, or a gym floor. Grass and mulch are not recommended due to excessive wear and tear.

WHAT IS THE WARRANTY?

NEOS comes standard with a one-year limited warranty on its electronic parts. The steel cases carry a lifetime-limited warranty, and the plastic carries a limited warranty of 15 years. Extended warranties for parts only may be purchased.

WHAT MAINTENANCE IS REQUIRED?

NEOS requires no special maintenance, but as with other playspace equipment, periodic checks are recommended to see that there are no hazards in the playing area.

WHERE SHOULD NEOS BE PLACED?

Place NEOS in a convenient location where the players and spectators will not interfere with other playground equipment. We recommend providing a clear space around the unit for players and spectators.

WHAT ARE THE POWER REQUIREMENTS?

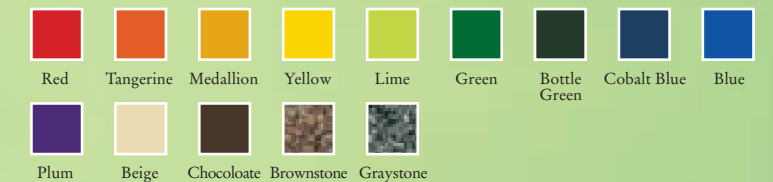

NEOS runs on low-voltage power. A 12-volt power supply is required, which can be hard-wired from a transformer, or it can use a solar power supply.

CAN NEOS BE CUSTOMIZED?

Yes. You can choose from any of these vivid, playful colors. Plus, an optional custom sign to showcase your school, park or community is also available.

Plastic Colors:

All NEOS products include one UV-resistant rotomolded plastic color.

Component & Steel Post Colors:

Playworld Systems’ exclusive use of Superdurable Polyester Powder Coating provides enhanced light-stable pigments for superior UV stability and fade resistance.
